

## Conflict Minerals

Simpson Donald & Co Ltd is fully aware of U.S. Congress HR 4173, specifically with regard to section 1502-Conflict Minerals. We continue to monitor the ongoing SEC developments and are committed to helping our customers comply with all reporting requirements, where applicable.

To aid customers in determining the component manufacturer's Conflict Mineral position, Simpson Donald & Co is providing links to manufacturer's statements below:

Manufacturers have made it clear that their distributors are not authorized to provide this complex data to the end customer, as traditional component distribution activities are not within the scope of the bill's definition of reporting requirements. However, Simpson Donald & Co Ltd. realizes the importance of this initiative and fully supports its spirit. To assist our customers in their due diligence responsibilities, we have compiled and present component manufacturer's positions.
